ORGANICS Sustainable Beer Certified by Oregon Tilth

As part of our commitment to our community, we're doing our part to help the environment.

We're proud to brew Portland Oregon's original Certified Organic beers. Our Organic Free Range Red ale and Organic Tree Hugger Porter are recognized not only as world class ales but also as environmentally-friendly brews.

We are proud to serve all natural beef, chicken, and pork that are hormone, antibiotic free and are fed natural diets that have no genetically modified grains, or animal by products. We are proud to partner with Painted Hills Beef, Draper Valley Farms and Carlton Farms.

Laurelwood is a proud participant in Portland Composts-turning all our food waste into compost. At Battle Ground we will partner with local farmers to take our food waste thus helping to remove food from the waste stream and helping to significantly reduce the global warming impact from landfills, as decomposing food waste is a major source of the greenhouse gas methane.

**Consuming raw or undercooked meats, seafood or eggs may increase your risk of a food borne illness.
All Laurelwood Restaurants support local, sustainable & organic products whenever possible.
In an effort to conserve water, we only serve water on request.*
